

TNS4 (N) Antibody, Rabbit Polyclonal

Cat#: R1790-1 Quantity: 100 ul Predicted I Observed M.W.: 77 I 82 kDa Lot#: Refer to vial Application: WB Uniprot ID: P49915

Background:

TNS4 may be involved in cell migration, cartilage development and in linking signal transduction pathways to the cytoskeleton. TNS4 may also promote apoptosis, via its cleavage by caspase-3.

Other Names:

C-terminal tensin-like protein, CTEN, PP14434

Source and Purity:

Rabbit polyclonal antibodies were produced by immunizing animals with a GST-fusion protein containing N-terminal region of human TNS4. Antibodies were purified by affinity purification using immunogen.

Storage Buffer and Condition:

Supplied in 1 x PBS (pH 7.4), 100 ug/ml BSA, 40% Glycerol, 0.01% NaN₃. Store at -20 °C. Stable for 6 months from date of receipt.

Species Specificity:

Human

Tested Applications:

WB: 1:1,000-1:3,000 (detect endogenous protein*)

*: The apparent protein size on WB may be different from the calculated M.W. due to modifications.

Product Data:
