# STX4 (C) Antibody, Rabbit Polyclonal

Cat#: R1675-2 Lot#: Refer to vial

Quantity: 100 ul Application: WB

Predicted I Observed M.W.: 34 kDa Uniprot ID: Q12846

## **Background:**

Syntaxin-4 (STX4) is a Single-pass type IV membrane protein belonging to the syntaxin family. STX4 is a plasma membrane t-SNARE that mediates docking of transport vesicles. STX4 is necessary for the translocation of SLC2A4 from intracellular vesicles to the plasma membrane. Additionally, STX4 may also play a role in docking of synaptic vesicles at presynaptic active zones.

### **Other Names:**

Syntaxin-4, STX4A, Renal carcinoma antigen NY-REN-31

#### **Source and Purity:**

Rabbit polyclonal antibodies were produced by immunizing animals with a GST-fusion protein containing the C-terminal region of human STX4. Antibodies were purified by affinity purification using immunogen.

#### **Storage Buffer and Condition:**

Supplied in 1 x PBS (pH 7.4), 100 ug/ml BSA, 40% Glycerol, 0.01% NaN<sub>3</sub>. Store at -20 °C. Stable for 6 months from date of receipt.

#### **Species Specificity:**

Human

#### **Tested Applications:**

WB: 1:1,000-1:3,000 (detect endogenous protein\*)

\*: The apparent protein size on WB may be different from the calculated M.W. due to modifications.
